

# **GANAANO CONSTRUCTION COMPANY (GCC)**

## Introduction & Background

ANAANO CONSTRUCTION COMPANY (GCC) is a private company that offers various services in procurement, rehabilitation, and building projects. Founded in 2017, GCC has expanded its market share and activities across different regions in Somalia and Somaliland. GCC specializes in trading local and external products, constructions, and service delivery. They also provide project logistics and relocation services tailored to clients' needs, ensuring successful project implementation.

GCC has undertaken challenging projects as a main contractor for small and medium size projects and performs project management services to coordinate specialist traders for industrial /commercial projects. GCC also provides design inputs and engineering solutions as value-add services to their clients.

After the company has gained a significant part from the market, we started making projects for enlarging of our activities. In the period of 2017 up to 2020 we started building family houses in Hargeisa and in other places like Maroodi Jeex and Awdal. The company developed comprehensive project logistics and relocation services plans tailored to our clients' needs and widen to organizations in making sure they deliver their mission in Implementing there Projects Succesfully..

GCC began as general works contractor in 2017. Over the years the group has under taken challenging projects and accumulating skills, know-how and experiences in design and build solutions, project managing services, building trades and related engineering works

Today GCC taken on the role of main contractor for small and medium size projects and performs project management services to coordinates specialist traders for industrial /commercial projects. We also provide design inputs and engineering solutions as value-add services to our clients.
